ALI MAHAR

AADIL

PRODUCT MANAGER

Product Manager with 2+ years at a German remote team, turning ambiguous problems into shipped features. Computer Science graduate who also builds full-stack and machine learning products. Seeking a remote Product Manager role.

EXPERIENCE

Product Manager — Trello — Smart Marketing Methods — Germany, Remote
Jun 2024 – Aug 2026

- Coordinated delivery of 8 product features; improved visibility and coordination through clearer ownership and prioritisation.
- Shipped task assignment and progress tracking ahead of lower-priority UI work, reducing coordination gaps.
- Managed requirements, backlog priorities, and delivery; translated stakeholder needs into actionable tasks.
- Managed product planning and feature delivery for a team collaboration workflow using Trello, coordinating requirements, prioritisation, and delivery milestones.

Travel Agent — Asaptickets — US, Remote
Feb 2024 – Jun 2024

- Flight reservations, fare comparisons, itinerary changes, and travel inquiries.

Customer Service Representative — LIBT Admission Centre — UK, Remote
Aug 2023 – Dec 2023

- Admissions inquiries, programme requirements, and application guidance for prospective students.

PROJECTS

FloodSafe Pakistan — Flood Prediction Platform
Three ML models (best F1 0.875, ROC-AUC 0.963); Flutter app, Next.js web app, command centre; FastAPI + PostgreSQL/PostGIS.

PALMS — Mastery-Based Learning Platform
Course and assessment organisation with explainable mastery-based recommendations. FastAPI, Next.js, Docker.

Health and Care — Ambulance App (Final-Year Project, Grade A)
Android app with booking, one-tap SOS, live tracking, and admin management. Kotlin, Firebase, Google Maps.

EDUCATION

BS Computer Science — The Islamia University of Bahawalpur
2022 – 2026
